

Introduction

Unless otherwise stated below, the provision of your personal data is not required by law or contract, nor is it necessary for the conclusion of a contract. You are not obliged to provide the data. Failure to provide it will have no consequences. This applies only to the extent that no indication to the contrary is made in the subsequent processing operations. "Personal data" means any information relating to an identified or identifiable natural person.

Server-Logfiles

You can visit our websites without providing any personal information. Every time you access our website, usage data is transmitted by your internet browser and stored in log data (server log files). This stored data includes, for example, the name of the page accessed, the date and time of access, the volume of data transferred and the requesting provider. This data is used exclusively to ensure the trouble-free operation of our website and to improve our services. It is not possible to assign this data to a specific person.

Cookies

Cookies are very small text files used by Internet sites that your browser stores on your computer and can send certain information to us or, if applicable, to a third party.

Transient cookies are automatically deleted when you close the browser. These include, in particular, session cookies. These store a so-called session ID, with which various requests from your browser can be assigned to the joint session. This enables your computer to be recognised when you return to our website. Session cookies are deleted when you log out or close the browser.

Persistent cookies are deleted automatically after a predefined period of time, which may differ depending on the cookie. Unlike transient cookies, deletion does not occur automatically when the browser is closed. However, you can also delete the cookies at any time in the security settings of your browser.

Cookies that are absolutely necessary to provide a service expressly requested by the user ("necessary cookies") are processed by us within the scope of our legitimate interest in providing and operating the website on the basis of Art. 6 (1) sentence 1 lit. f DSGVO. The following necessary cookies are set when visiting our website:

- Name: borlabs-cookie; Purpose: storage of the cookie setting; storage period: 12 months

In addition, further information is stored or accessed on your terminal device that is not absolutely necessary to provide a service expressly requested by the user. The storage or access only takes place if you give your consent.

Details on the type of information, the purpose of the processing, the storage period of the information as well as possible recipients of the data can be found in the further course of this data protection declaration. The data collected from you in this way is pseudonymised by technical precautions. It is therefore no longer possible to assign the data to your person. The data is not stored together with any other personal data about you.

You have the right to object at any time to this processing of personal data relating to you based on Art. 6 (1) f DSGVO for reasons arising from your particular situation.

You can set your browser so that it generally does not accept cookies or only certain cookies are stored or not stored. You can revoke any consent you may have given to the processing of data by means of cookies at any time by deleting the corresponding cookies directly via your browser settings. You can find out more about this in the help system of your browser. If your browser rejects all cookies, it is possible that not all functions of this website can be used.

Fanpages

In order to provide customers, partners or otherwise interested parties with up-to-date information and to get in touch with them, we operate so-called "fan pages" on the following social networks in addition to our own website: YouTube

The data processing here takes place through the provider of the social media platform. Data processing outside the European Union cannot be ruled out. The provider of the platform may provide us with aggregated usage data, but we do not have access to personal data if you merely visit the fan page. The legal basis for data processing is Art. 6 para. 1 lit. f DSGVO. In the case of consent in the form of an opt-in ("tick box", "activate button") or any other form of obtaining consent, the legal basis is Art. 6 (1) lit. a DSGVO. Consent can be revoked at any time without giving reasons to the person to whom it was given, with effect for the future. Since the data processing is carried out by the provider of the platform, we recommend that you contact the respective provider of the platform for your rights to information, correction, deletion, data portability and objection in the context of visiting our Fanpage. Of course, we will support you in exercising your rights if necessary.
